

District 14 Alder Zielinski

Walk & Bike Report

April, 2017 Authored by [Jessica Wineberg](#) of Wisconsin Bike Fed with input from residents, Path to Platinum, & MilWALKee Walks

Biking and walking in the 14th District is very popular. However, it should be safer. In the last 5 years, 6 people were killed in the district while walking or biking, the 3rd highest rate in the city. The district ranks in the middle of the pack for bike lane and trail miles. Increasing trail and lane miles would improve safety and make the district even more of a destination.

Overview

A multi-use trail to the Hoan Bridge to connect Bay View to Downtown is the most transformative bike/walk project in the district . It would improve commuting options and recreational opportunities, including a scenic view of Lake Michigan and the Milwaukee skyline for all residents and visitors. This would likely involve repurposing one lane of this underutilized bridge. Many other facility improvement recommendations are in the opportunities section.

The City of Milwaukee as a whole, and in each district, has a pedestrian safety problem. The City of Milwaukee has 10.4% of the state population and 29.1% of the state crashes. People of color in Wisconsin are almost twice as likely to be the victim of a crash while crossing the street (15.5% of population is people of color, 26.8% of ped crash victims are people of color), giving us the 10th highest disparity in the nation (Source: Dangerous by Design, Smart Growth America 2016). From 2011-2015 EVERY district had at least one pedestrian killed, most frequently due to people driving failing to yield.

Key Recommendation: Increase safety for people walking and biking through enforcement of speeding/crosswalk yielding and build trails and neighborways to better connected the community and improve safety.

What is a Neighborway? It's a residential street that is designed with people and the community first, cars second and it part of a network that allows people have a low stress walk/bike connection to key destinations. This means that there may be more green space, shorter crossings, and traffic calming to slow drivers.

Key Indicators for Walking and Biking in Milwaukee, 2017		Bike/Ped Crashes ('11-'15)		People Killed ('11-'15)		Bike Lanes		Trails		Safe Routes to School		Households Without a Car	
District	ALDER	Number	Rank	Number	Rank	Miles	Rank	Miles	Rank	Schools	Rank	Percent	Rank
1	Ashanti Hamilton	193	7	3	10	11	11	4.4	12	10	2	18%	7
2	Cavalier Johnson	163	9	6	3	9	13	6.4	10	5	4	14%	9

Opportunities

- Add a multi-use trail to the Hoan Bridge to connect Bay View to Downtown.
- Add a multi-use trail in the utility corridor parallel to Waterford Avenue. (SEWRPC Vision 2050)
- Improve the multi-use trail and connectivity through South Shore Park.
- Add separated bicycle lanes to the S. 6 th Street corridor. (SEWRPC Vision 2050)
- Add bicycle lanes on 13 th, Holt Avenue, Morgan Avenue, Whitnall Avenue. (Milwaukee Bike Plan)
- Create a neighborhood greenway in the S. Logan Avenue and S. Clement Avenue corridor.

Citywide Projects Funded By the State: Will the Funds be Invested in Your District?

- Pedestrian Plan- A consultant will conduct outreach and create a pedestrian plan for the city starting this summer.
- Coordinated City/County Trail/Route Signage Plan- This project must start by June 31st or the money will be taken back. This project will create a signage plan to better direct people to city and county trails from the street network.
- Bicycle Parking- The City is restarting a bicycle parking program to purchase and install bike racks this year. A request system will be set up.
- Bicycle Facilities Project, phase 2- Additional bike lanes and green bike lanes.
- Milwaukee Bicycle Map Update- This project has been on hold since 2/2015 but should create a new bike/trail map.
- Countdown Pedestrian Signal Retrofits- Being installed across the city.
- Safe Routes To School Plans- 30 schools will be selected to participate in cooperative SRTS planning work led by consultants beginning this spring. Connect schools that could use improvements for walking and biking with Jessica Wineberg (jessica@wisconsinbikefed.org)
- Bike Share Phase II- Starts in July.
- High Impact Paving-19 miles of bike lanes were striped under this program in 2016 with more planned for 2017. If a road in your district is scheduled for this program, ask for improved striping (such as crosswalks and bike lanes) for people walking and biking.

Resources

- City Bike/Ped Coordinator (interim): Rollin Bertran, Rbertr@milwaukee.gov in charge of all the above projects unless otherwise noted
- [Wisconsin Bike Summit](#) (May 4th in MKE)-Learn from Midwest experts about improving biking & equity
- [Bike Week](#) (June 3-10)- Ride to work with the mayor or work with Bike Fed to set up a district bike tour
- [Bike/Ped Taskforce](#): meets every other month for updates on city bike/ped project updates by B/P Coordinator. Meetings start at 9 a.m. and are held in Room 708 at the Zeidler Municipal Building. 2017 meeting dates: February 3, April 7, June 2, August 4, Oct 6 and December 1.
- [Milwaukee By Bike](#) City of Milwaukee Bike and Walk website
- [Path to Platinum](#): volunteer effort to support Mayor's goal of making Milwaukee a great place for biking
- [Wisconsin Bike Fed](#)-Organizes Bike Week, Share & Be Aware, Safe Routes to School, etc
- [Share & Be Aware](#)-provides free education to make walking and biking safer in every neighborhood
- [Safe Routes to Schools](#)-free bike and ped education and encouragement for MPS schools
Jake.Newborn@WisconsinBikeFed.org
- MilWALKe Walks-new volunteer group focused on making streets safer by getting people driving to follow the law & yield to pedestrians in marked and unmarked crosswalks. Jessica@wisconsinbikefed.org
