

Walk & Bike Report

March, 2017 Authored by [Jessica Wineberg](#) of Wisconsin Bike Fed with input from residents, Path to Platinum, & MilWALKee Walks

With 19% of district residents without car, and the third highest number of people killed while biking or walking, its important to improve walking and biking in the district. The Hank Aaron Trail is a unique asset that attract jobs, improves access to existing jobs, lowers transportation costs, and promotes health but could use better connections to the neighborhood so even more residents can safely access it.

Overview

District 8 has almost 11 miles of trail, the 4th highest of any aldermanic district. To maximize the benefit of the Hank Aaron state trail, More trail connections via neighborways could help both issues and connect residents with more jobs without a car. What is a Neighborway? It's a residential street that is designed with people and the community first, cars second and it part of a network that allows people have a low stress walk/bike connection to key destinations. This means that there may be more green space, shorter crossings, and traffic calming to slow drivers.

The City of Milwaukee as a whole, and in each district, has a pedestrian safety problem. The City of Milwaukee has 10.4% of the state population and 29.1% of the state crashes. People of color in Wisconsin are almost twice as likely to be the victim of a crash while crossing the street (15.5% of population are people of color, 26.8% of ped crash victims are people of color). Giving us the 10th highest disparity in the nation (Source: Dangerous by Design, Smart Growth America 2016). From 2011-2015 EVERY district had at least one pedestrian killed, most frequently due to people driving failing to yield.

Key Recommendation: Increase safety for people walking and biking through enforcement of speeding/crosswalk yielding and build out a Neighborway network.

Key Indicators for Walking and Biking in Milwaukee, 2017		Bike/Ped Crashes ('11-'15)		People Killed ('11-'15)		Bike Lanes		Trails		Safe Routes to School		Households Without a Car	
District	ALDER	Number	Rank	Number	Rank	Miles	Rank	Miles	Rank	Schools	Rank	Percent	Rank
1	Ashanti Hamilton	193	7	3	10	11	11	4.4	12	10	2	18%	7
2	Cavalier Johnson	163	9	6	3	9	13	6.4	10	5	4	14%	9
3	Nik Kovac	258	5	2	11	25	1	15.7	3	7	3	16%	8
4	Robert J. Bauman	350	1	4	7	24	2	18.8	2	15	1	28%	2
5	James A. Bohl, Jr.	50	15	1	15	18	5	10.5	6	4	5	8%	15
6	Milele A. Coggs	258	5	7	2	18	4	4.7	11	10	2	28%	2
7	Khalif J. Rainey	266	3	5	6	4	15	0.0	15	7	3	22%	4
8	Robert G. Donovan	164	8	6	3	13	9	11	4	7	3	19%	6
9	Chantia Lewis	84	13	1	15	6	14	9.3	9	15	1	16%	7
10	Michael J. Murphy	114	11	4	7	10	12	9.6	8	5	3	11%	10

15	Russell W. Stamper, II	282	2	4	7	22	3	0.0	15	1	11	29%	1
	TOTAL	2728		60		218		138		113			
	AVERAGE	182		4		15		9		8		17%	

Opportunities

- Extend the Kinnickinnic River Trail west to West Allis. (*Part of corridor is in Milwaukee Bike Plan*).
- Add separated bicycle lanes to the 35th, 27th, and 16th Street Viaducts over the Menominee Valley. (*Milwaukee Bike Plan*).
- Add bicycle lanes to 35th, Mitchell, 20th, and Oklahoma. (*Milwaukee Bike Plan*).
- Create a neighborway on S. 37th, Pierce, 21st, 26th, and S. 29th Street. (*Milwaukee Bike Plan*).

Citywide Projects Funded By the State: Will the Funds be Invested in Your District?

- Pedestrian Plan- A consultant will conduct outreach and create a pedestrian plan for the city starting this summer.
- Coordinated City/County Trail/Route Signage Plan- This project must start by June 31st or the money will be taken back. This project will create a signage plan to better direct people to city and county trails from the street network.
- Bicycle Parking- The City is restarting a bicycle parking program to purchase and install bike racks this year. A request system will be set up.
- Bicycle Facilities Project, phase 2- Additional bike lanes and green bike lanes.
- Milwaukee Bicycle Map Update- This project has been on hold since 2/2015 but should create a new bike/trail map.
- Countdown Pedestrian Signal Retrofits- Being installed across the city.
- Safe Routes To School Plans, 30 schools will be selected to participate in cooperative SRTS planning work led by consultants beginning this spring. Connect schools that could use improvements for walking and biking with Jessica Wineberg (jessica@wisconsinbikefed.org)
- Bike Share Phase II- Starts in July.
- High Impact Paving-19 miles of bike lanes were striped under this program in 2016 with more planned for 2017. If a road in your district is scheduled for this program, ask for improved striping (such as crosswalks and bike lanes) for people walking and biking.
- [Bike Week](#) (June 3-10)-Ride to work with the mayor or work with Bike Fed to set up a district bike tour
- [Wisconsin Bike Summit](#) (May 4th in MKE)-Learn from midwest experts about improving biking & equity

Resources

- City Bike/Ped Coordinator (interim): Rollin Bertran, Rbertr@milwaukee.gov in charge of all the above projects unless otherwise noted
- Bike/Ped Taskforce: meets every other month for updates on city bike/ped project updates by B/P Coordinator. Meetings start at 9 a.m. and are held in Room 708 at the Zeidler Municipal Building. 2017 meeting dates: February 3, April 7, June 2, August 4, Oct 6 and December 1.
- [Milwaukee By Bike](#) City of Milwaukee Bike and Walk website
- [Path to Platinum](#): volunteer effort to support Mayor's goal of making Milwaukee a great place for biking
- [Wisconsin Bike Fed](#)-Organizes Bike Week, Share & Be Aware, Safe Routes to School, etc
- [Share & Be Aware](#)-provides free education to make walking and biking safer in every neighborhood
- [Safe Routes to Schools](#)-free bike and ped education and encouragement for MPS schools
Jake.Newborn@WisconsinBikeFed.org
- MilWALKee Walks-new volunteer group focused on making streets safer by getting people driving to follow the law and yield to pedestrians in marked and unmarked crosswalks.
