About CompTIA ITF+ Certification

CompTIA ITF+ is the only pre-career certification that helps students determine if they have a competency for information technology and if it is the right career path for them.
CompTIA ITF+ is the only single certification that covers all areas of IT foundations, creating a broader understanding of IT making it ideal for non-technical professionals.
CompTIA ITF+ establishes an IT education framework for students in secondary and post-secondary settings.

Now Enrolling for Summer School. Space is Limited.
