### ABOUT THE ARTIST

John Suess was born and raised in Milwaukee, Wisconsin and has always had a passion for art.

John has been drawing and painting since the age of 3 and took two years of commercial art in college, but unfortunately never had a lot of time to dedicate to this love as he got busy with work and raising a family.

However, after retiring from his 34-year career as a librarian in 2007, he has devoted his free time to playing golf, working in his garden, taking photographs and... painting.

John and his wife, Mary, reside in Milwaukee, near Mount Mary University, with their two wild and crazy cats, Arnold and Ramona.
