Second Anniversary Of The Three Day Operation

Earlier this week, the world "celebrated" the start of the third year of the Russian three day "special military operation". In the years since, billions of dollars have been dumped into another conflict that has devolved into yet another forever war. With no real sign of a peaceful solution and a fresh round of war profiteering, it seems likely that, at best, we have added one more money pit to the roster that includes the Sahel region of Africa and the Middle East as a whole.

The Libertarian Party of Wisconsin (LPWI) renews its call for the end of all armed conflicts and the chaos and disharmony they cause. Nobody wins when one party bullies, attacks, and steals from another, be it individuals or nation states. It is not the job of the United States to be the world police nor see the rest of the world as a piggy bank.
