Mission Statement: To provide safety, shelter and support to empower all impacted by domestic abuse, sexual violence, child abuse and trafficking.

Brief Description of Organization: Founded in 1977, The Women's Center serves all impacted by domestic abuse, sexual violence, child abuse, and trafficking. As Waukesha County's only agency of its kind in a county that spans 580 square miles, we provide a range of life-saving and life-changing programs and services that heal and empower adults and children on their paths to build a future free from violence. The Women's Center's core philosophy is to ensure that the needs of survivors are met, that children are protected, and that families heal. Our programs are centered on meeting the unique needs of each client, and are designed to empower while providing basic needs (food, shelter, clothing, and transportation).
