Uline Celebrates 45 Years of Business in Kenosha County, Looks to Expand Growing Team *Stability, expansion and career advancement at the forefront as Uline looks to develop its team*

KENOSHA, Wis. – Uline, North America's leading distributor of shipping, industrial and packaging materials, celebrates 45 years of business success, steady growth and stability, creating career development opportunities for employees. Having recently opened the largest warehouse in Wisconsin and with plans to open another new distribution center in Kenosha, Uline is [hosting a hiring event](#) on Saturday, May 3, from 8 -11:30 am to add to their growing team in Kenosha County.

With decades of proven success, Uline has created a reliable work environment employees can count on, even in uncertain times. Not only is Uline experiencing steadiness, but also double-digit advancement consecutively for more than five years. Uline now has a footprint of more than 28 million square feet across all locations in North America.

"At Uline, we take pride in offering not just a job, but a long-term career at a stable growing company," said Gil De Las Alas, Chief HR Officer at Uline. "As we mark 45 years in business and continued expansion — including the opening of Wisconsin's largest warehouse — we're excited to welcome new talent to our team and support their success with us."

Uline is committed to supporting the health, well-being and long-term success of its employees. The company offers industry-leading benefits, including comprehensive health coverage and 401(k) with 6% company match that start on day one. Team members also benefit from competitive wages, tuition assistance for continuing education and access to Uline's English as a Second Language (ESL) program. In 2024, over half of all non-entry level roles (60%) were filled by a current Uline employee, demonstrating that Uline doesn't just offer jobs, but long-term careers.

To support its ongoing expansion, Uline is hosting a hiring event for day and night shift Warehouse roles at its Wisconsin Distribution Center. Interested candidates are encouraged to visit the events page on [uline.jobs](#) to learn more and to sign up for an interview.
