Wimmer Communities Honored for Daily Reporter's 2024 Top Projects

Milwaukee, WI – May 23, 2025 — Wimmer Communities is proud to announce that **The Marriott Center at Poplar Creek Town Center**, Wimmer Communities' exciting hospitality and mixed-use development in The Town of Brookfield, has been honored with one of **The Daily Reporter's 26th Annual Top Projects Award**. This nomination highlights the project's standout impact on the region's development landscape and its thoughtful integration into the growing Brookfield area.

In other news, Wimmer Communities is proud to announce that the **Associated General Contractors** of Greater Milwaukee and the Milwaukee Construction Industry Safety Council have awarded Wimmer Development with the prestigious **MCISC Safety Award for 2024** in the category of "Leadership in Safety Award." This award is based on the results of the MCISC injury/illness survey, which demonstrated Wimmer Development's continuous dedication to safety.

In addition to the previously mentioned awards, Wimmer Communities has been named a **Top Workplace by the Milwaukee Journal Sentinel** for the **10th consecutive year**, a recognition earned through direct employee feedback. This milestone reaffirms Wimmer's reputation as a people-first organization dedicated to cultivating a positive and purpose-driven work environment.

"We're incredibly proud of this decade-long honor," said John Wimmer, at Wimmer Communities.

Finally, Wimmer Communities recently participated in the **NAIOP Development Showcase at Poplar Creek Town Center**, presenting its newest projects and innovations to regional industry leaders. This prestigious showcase featured some of the most visionary real estate developments in the state, with Wimmer's contributions recognized for their design, quality, and community impact.

"These recognitions are a testament to the dedication of our team, our strong partnerships, and our commitment to creating places where people truly want to live, work, and visit," added Nick Wimmer.

As Wimmer Communities continues to grow across Southeast Wisconsin, these 2025 honors serve as both a celebration of past success and a steppingstone toward future achievements.

About Wimmer Communities

Wimmer Communities is a leading provider of exceptional living spaces and community experiences. With a commitment to quality and customer satisfaction, we aim to create vibrant communities that enhance the lives of our residents.
