Supervisors Eckblad, Rolland & Capriolo to Raise Toast on Friday Afternoon Honoring All City Towing for Removing the SS Minnow

MILWAUKEE - Supervisors Jack Eckblad, Shawn Rolland and Sky Z. Capriolo will raise a toast honoring All City Towing crew members for their success in removing the SS Minnow (a.k.a. "Deep Thought") wreckage from Milwaukee County's lakefront.

The three supervisors are coming together to donate a keg of Miller High Life to the All City Towing crew. Upon learning that its "Champagne of Beers" was requested for the celebration, Molson Coors has also donated a case of Miller High Life and a Miller High Life T-shirt to each member of the crew, which will be presented Friday.

The event will include brief remarks from each Supervisor and All City Towing's management team. Photo opportunities and interviews will be available immediately following the presentation. This celebration marks the culmination of a weeks-long coordinated effort to remove the longstanding lakefront obstruction. Attendees can expect media availability and a presentation of beer and High Life T-shirts to All City Towing staff.

All City Towing MKE provides light-, medium-, and heavy-duty towing services across Milwaukee, Grafton, and Sheboygan, ensuring rapid response for vehicle recovery and specialty marine operations.

Molson Coors, whose Miller brewery has made beer in Milwaukee for 170 years, is pleased to support its community, whether by raising funds for the city's parks system, supporting first responders or thanking the hard-working people who dislodge moored boats from the city's jewel of a lakefront.

WHAT: Toast to celebrate SS Minnow removal

WHO: Supervisor Jack Eckblad, District 4, Supervisor Shawn Rolland, District 6, Supervisor Sky Z. Capriolo, District 15, All City Towing leadership, and crew members

WHEN: Friday, June 6, 2025, at 1:00 p.m.
