MPD District Seven Staffing for June 10, 2025

MILWAUKEE, WI— Recently, the Milwaukee Police Department became aware of articles and social media posts alleging that there was only one squad working for all of District Seven on June 10, 2025. That information is inaccurate and we were not contacted to verify that information.

On that day, Milwaukee Police District Seven had three hospital guards to staff, two sick calls, three limited duty officers inside, one officer on other excused union time and one at drone training. The lineup failed to reflect all squads taking assignments. District 7 also had a two-person captain's car, and a one-person DV car patrolling and taking assignments. Additionally, we had a late shift officer stay over and called in a day shift officer to backfill to patrol and take assignments. There are also resources from other districts if needed that would be available to assist.

The safety of everyone including our officer's is paramount to the Milwaukee Police Department. We remain committed to working with our community and system partners to build sustainable healthy neighborhoods free of crime and maintained by positive relationships. Together we are better.
